Dispatch Democrat

VOLUME XLIV — UKIAH CITY, MENDOCINO COUNTY CAL., FRIDAY MORNING, JANUARY 19, 1912 — NUMBER 14

DISTRICT ENGINEER NOW ON JOB

F. G. Somoer, who is to be the chief engineer for this division during the construction of the new state highway, was in Ukiah the latter part of last week getting acquainted with our people before proceeding to Willits, where he will make his headquarters during the period of construction

Mr Sommer stated that actual work will not begin for several months yet. In the meantime he is to visit in those sections throught the county which have advanced claims for the location, look them over, get data and figures anu do other preliminary work looking to the selection of the route. His findings will be embodied in a report to the state board having the work in charge and they will select the route which seems to them to be the most feasible and which at the same time complys with the provisions of the law. Mr. Somner will make a thorough and impartial invetigation of all the routes through this county which have been suggested to him and his report to the state board will give them all a square deal.

Burke-Stipp

Allen Stipp and Miss Nellie Burke were united in marriage last Monday morning near Largo. They boarded the train there, thue avoiding a boisterous send off that was in store for them, and proceeded to Los Angeles where the groom has a good position and where they will make their home.

The groom is the son of Edward Stipp and the bride is the daughter of Huse Burk, both well known ranchers of this valley, and both familes have a host of friends who will join in wishing the young couple the best that life can bring.

Miss Hargis Married

Miss Thurza Hargis was married in Manila a few days ago, but hitherto relatives in Ukiah have received scant notice of the affair. The Manila papers are looked for in a few weeks when all the particulars will be given.

STALLIONS MUST BE REGISTERED

Assessor Thomas is in receipt of a comumnication from the state bureau of stallion registration asking for the names of those in this county who own stallions.

Under a new law all owners of stallions must register them and obtain licenses from the state board before they can use these animals for breeding purposes.

Mr. Thomas has turned in the names of those he had knowledge of but this is comparatively few and all owners had better communicate at once with the state Stallion Registration Board, Box 592, Sacramento, Cal. and get blank applications for license and registration numbers.

We presume this refers also to Jacks.

$2500 in Licenses

As near as can be ascertained this county contrinuted $2500 to the state fish and game commision the past year in hunting licenses, not to mention the other amounts collected in fines for infringements of the laws against hunting.

There were ten alien licenses issued at $25 each and the remainder of the amount was made up by licenses to citizens.

Big Doin's at Victory To-Night

Manager Winnie Cox announces a winning program at the Victory to-night. There will be a special change of pictures for this night only and Keller's band will play a concert. GRAND JURY TO MEET JANUARY 24

W. G. Poage, foreman of the grand jury, states that that body will be called into session again on Wednesday, Jan. 24.

There will be cosiderable routine business for the jury to carry out at that time, but nothing of a sensational nature is looked for.

TWO NEW RULES ADOPTED BY BOARD

The board of education previous to adjournment adopted the following rules regarding applications and examinations for teachers' certificates:

Rule 1 — The regular meetings of the Board of Education will be held at the County Seat the first Monday in January and the first Monday in July of each year—— the examination for teachers' certificates will begin the second Monday in January at nine o'clock a. m.

Rule 2—Any person of good moral character, eighteen years of age or who may become eighteen years of age during the examination, having graduated from any public high school of the state of California or from any other public high shool or from any private high school of equal grade and rank with the public high schools of the state of California may be admitted to take the examination for teachers' certficates.

GAS COMPANY UNDER NEW MANAGEMENT

As intimated in the Dispatch seveval weeks ago the Ukiah Gas Company has gone under new management, the personel of which was announced this week.

Ben Tibbot and wife and Mrs. Clara L. Allyn have sold their interests to the San Francisco stockholders and the latter have appointed J. F. Beales resident manager. The company now consists of Geo. H. Ecker, W. F. Board and E. A. Mc Gillivray.

These gentlemen are interested in many of the gas plants both in this state and Oregon and all are practical operators.

The resident stockholders got out in good shape and are well satisfied with the terms on which they disposed of their interests.

WILL BE A BIG GREAT REGISTER

With the addition of our "new citizens" the ladies, it is hard to estimate the number of voters there will be in Mendocino county with the new registration this year.

It is estimated that there will be from 9000 to 12000 names on the new Great Register in Mendocino county, by the clerk, while other estimates do not run as high The truth of the matter is that estimates at this time can hardly be other than faulty.

The women have hardly commenced as yet, as the new law is not yet in effect and they have to give their ages. The new law goes into effect about March 23rd if the governor signs it and it is not anticipated that hewill do otherwise. Then there will be a lively time in the clerk's office as the presidential primaries will be about threeweeks later and the women will flock in for that.

Will Move to City

Dr. E. G. Case and Mrs. Case will move to the city in the near future. The doctor has already rented offices there and left this week to complete preliminary arrangements.

Mrs. Case will follow in a few weeks as soon as household matters permit. Dr. and Mrs. Case have been prominent members of Ukiah's social and business world for many years and have a host of friends all over the county who regret to see them take their departure.

Lydick-Giorno

Ruel Lydick and Miss Adeline Giono were united in marriage last Sunday by Rev. J. E. Moore. The groom is a well known resident of the north coast section, while the bride was raised in Ukiah. She has been teaching the Wages Creek school the past year. Both have many friends who will wish them happiness. They departed the first of the week for a wedding journey to the city

R. L. Spencer, a well known citizen of Potter valley, was in town Wednesday.

LOOKING BACKWARD

Important Happenings in Mendocino County and Ukiah City 25 and 15 Years Ago

Jan. 21, 1887

The feed on the ranges was never better at this time of the year than it is at present.

Married—In Ukiah valley at the residence of Samuel Orr, Jan. 20, T. J. Gibson and Miss Lena Acuff.

A good paying coal ledge has been discovered on the Gualala river just over the boundary in Sonoma county.

It is settled that the Donohue line will be extended from Cloverdae to Ukiah this summer. Additional rails and rolling stock have been purchased for the extension.

Jan. 22, 1897.

Rev. J. R. Thomas died last Thursday and was buried Friday. He was 84 years of age and was an old settler in Ukiah.

On the 12th John Kenny was shot and killed by Jerry Hulett near the Colusa County line. Kenny is said to have aimed a rifle at Hulett's son when the father drew a revolver and shot him.

A son of Mr. Hoss discovered the remains of an unidentified man buried in the sand just below the asylum bridge. The body had lain there for about 3 months He had been struck on the back of the head and his skull crushed with a club. The jawbone was broken in several places.

Frank Davidson and Miss Belle Kerr, of Ukiah, were married Jan. 17th.

Young Wife Passes Away

Mrs. Lelah Carpenter, wife of B. L. Carpenter died at Hopland last Tuesday evening after a short illness. Her death is particularlyl sad as she had been married only since last May and life held great promise for her. She was 24 years of age and was the youngest daughter of E. M. Hiatt and wife, of Yorkville, and had a host of friends in the southern part of the county who will hear of her death with great sorrow.

Besides her husband and her mother she leaves five sisters and four brothers to mourn her passing and to them the sincere sympathy of their friends is extended.

Bradley-Ward

Roy Bradley and Miss Nellie Ward were married last Tuesday and left Wednesday morning for Denver, Colorado for a honeymoon trip.

The bride is a well known teacher in the public schools of this county and for the past year has been teaching at Covelo. She is the daughter of Mr. and Mrs. Ward, of Phillo.

The groom is in the Government service and has been stationed at Covelo for some time past. He comes of a good family of Denver and during his residence in this county has made many friends.

Met Old Friends

The Ukiah bunch while in the city New Years met H. C. Sandel a former resident of this place. Mr. Sandel is a butcher and holds a good position as head meat cutter at 768 Natoma street. He took the boys out and showed them a good time and told them to tell his other friends here where he was so they could look him up when they went to the city. He formerly attended the convent here with Lou Cunningham and they were in many an escapade together.

Big Installation

Ed Sanford returned last week from the city, where he had gone to install in Eagles Aerie, No. 8. The ceremonies were held in the Auditorium and were attended by a crowd of about 8000 people.

No. 8 is the premier lodge of the state, and it was a big feather in the Chief's headgear to conduct the installation. His work was letter-perfect.

Geo. Richarrdson retrurned Wednesday evening from a short business trip to the city.

CLERK REPORTS MANY INQUIRIES

Hale Prather, deputy clerk of the board of supervisors, states that returns are coming in fast from the advertising the board has been doing in behalf of the county the past few months. Mr. Prather has been appointed correspondent for the board and has taken charge of all correspondencce. He says that the letters of inquiry for literature about Mendocino county will average from ten to twenty a day and are the direct result of the advertising the supevisors have ordered.

When an inquiry comes in the prospect's name is sent to all the realestate men in the county together with a statement of what he is looking for. Many of the real estate men have their own literature and they forward this to the party. In addition he is also sent a booklet descriptive of the county and its resources in general and it is safe to say that he gets all he is looking for. The chief defect in the present system is the fact that there is no follow up literature to send. When the prospective settler is sent a booklet and what literature the real estate men get out he gets nothing else. A few letters sent at different intervals later would often land a prospect where if he is left alone he will finally locate somewhere else.

Mr. Prather keeps a card index of the inquiries and hence is able to tell when a man writes a second time. He states that at present there are several who have written second letters and seem really desirous of coming here. To such he writes a personal letter answering all specific questions.

It would be a good idea for the board of supervisors to have several different forms of follow up letters and to send them out to a prospective settler at diff[illegible] him know we have not lost interest in him.

Other counties are pulling far harder than we are and we have got to get in the game if we expect to win.

TO REJUVENATE MACCABEES LODGE

S. Handelsman was in town this week and will remain for several weeks to rejuvenate the lodge of Maccabees, which has been rather dormant for several years. He states that a class will be initiated as soon as he can make the necessary arrangements. The initiation fee, which hitherto has been $16.50 will be reduced to $3, by a speial dispensation and it is expected that a large number will avail themselves of the opportunity to enter this most excellent order.

The Maccabees is a fraternal, insurance and beneficiary order. They have a reserve fund of $12,000,000. For payment of 60c a month besides the lodge dues they give ordinary sick benefit of $5 a week, $750 accident insurance and $50 funeral benefit. To preferred risks they give for $1 a month $12 a week sick benefits, and the same accident and funeral benefit as the ordinary.

All who desire to investigate would do well to call on A. W. Custer, the local agent of Wells Fargo.

Baroni Case Is Dismissed

The case of the People vs. Baroni, charged with assault to commit murder, was dismissed in the Superior court this week, on account of insufficiency of the evidence. The man was sent here from Fort Bragg and, being an Italian, it was found almost impossible to get sufficient evidence against him to convict.

District Attorney Robert Duncan returned last Wednesday evening from Sacramento whither he had been to argue the McCowen-Pew case before the court of appeals. The Court gave 15 days to cite points and authorities and 15 days more for the defense to reply and then will take the matter under advisement. In the course of 90 days thereafter a verdict will be rendered. The mills of justice grind slowly.

Chet Hill came down from the north this week and has been visiting Harry Hughes in town.

Week's News At Willits

[Special to Dispach]

Willits, Jan. 16—Our lodges are still in the lime light. Last night the W. O. W. held their installation which was followed by a banquet at the Eagle Cafe, and tomorrow night Willits Lodge, F. & A. M. will install and have a banquet.

It is rumored that we will have a herd of Moose here in the near future. Two of the organizers have been here for several days and we are told that they are meeting with considerable encouragement. As it is we have too many lodges.

Arthur Simpson and Ethel Frian, both fo Boonville, were married at the Methodist church Sunday by Rev. B. B. Conner. We have not learned any of the particulars.

Mr. and Mrs. H. C. Mohn are visiting relatives in Southern Cal.

The Grammar school trustees have elected Mrs. W. L. Blodgett principal of the Willits grammar school, vice Thos McKay who resigned. School will reopen in the 29th inst. Prof. and Mrs Mc Kay have moved to Southern Cal.

More Trouble In Redlight

(Special to Dispatch)

Willits, Jan. 16.—

The most exciting event of the past week has been the raid in the redlight district. Last Friday night five of the women were arrested on the charge of being prostitutes, and John Harms was arrested for renting his premises for immoral pusposes. Stange to state the ministers and moral people have nothing to do with the matter. It is said that one of our saloonmen is jealous of another saloonman and it is he who is at the bottom of the whole matter. On account of the peculiar alignment very few of our citizens are taking the matter seriously and a great many are outspoken against the persecution of the unfortunate women.

YEAR'S WORK CLOSES WITH BIG MEETING

The last regular meeting of the Woman's Home Mission Society of the M. E. Church South of this place was one of the pleasantest and most interesting of the year. This being the last meeting of the year and the time for the election of officers for the new year, a large number of members assembled in the church parlors for the occasion. After the outine work and the election of officers a short musical program was rendered, followed by delicious refreshments and a most enjoyable social hour.

The election was in reality but a re-election the same corps of officers that had served for two years, with one or two exceptions, being re-elected as follows; President, Mrs. W.J. Jamison, First Vice President, Mrs. W. P. Thomas, Second-vice president, Mrs J.E. Pemberton, Third vice-president, Mrs. W. A. Ford, Fourth vice-president, Mrs. Emma Kirtley, Secretary, Mrs. G. E. Jamison, Treasurer, Mrs. C. H. Duncan, Corresponding secretary, Mrs. J. W. Preston, Agent Mrs C. Dnucan.

This society is in a very prosperous condition the last year having been one of the most successful in its history both financially and otherwise.

Much credit is due the capable and efficient president and her able corps of officers for the good results accomplished during the year. With few exceptions the officers have always been in their stations and never did a society have a more energetic and resourceful president than this society has been favored with. On behalf of the society a beautiful silver fern dish and plate glass mirror stand, were presented to Mrs. Jamison in acknowledgement of her faithful and untiring services and as a token of the love and esteem in which she is held by the members.

The following verses written by Mrs. Addie Case and dedicated to the Woman's Home Mission Society of the M. E. Church, south, of Ukiah, California, were read at this meeting by Mrs. J. B. Sanford;

Away up here in old Mendocino,
In our viliage among the hills,
A village famed for its beauty,
And free from many earthly ills.

Stands a church a worn, old structure,
It has stood here many years,
And has had its share of laughter,
Likewise, had its share of tears.

A faithful flock has there worshipped,
For many years and a day,
A flock that has held together
And worked for its interest alway.

Among this flock, a little band,
A band of women true,
Have always done, these many many years,
What their hands found to do.

And so this band of workers,
Of women old and young,
Do here, often meet together,
And always "His" praises are sung.

For the "Glory of God" is their watch word
Their "Shibboleth" year by year,
And as they toil onward, and upward
They just "pray their duty clear".

Some of the older have fallen
In the years that have gone by
Have grown so weary of earthly cares
And have gone to live on High.

But the band not discouraged by this
Ever works on with a will
Supporting their leader, doing good when they can
Tho' they work sometmes up hill.

The pastor of this flock knows well
When help of them he asks
He'll find them ready each and all
For they glory in such tasks.

No task too great to undertake
Parsonage building or cement walk
Tho' it takes a lot of scheming
And an immense amount of talk.

Now this band of faithful workers
Have been blessed with leaders elever
Who have worked on tasks stupendous
Ne'er been daunted whatsoever.

Thus they've reached another milestone,
They journey on their way,
And to choose a faithful leader,
They're assembled here to-day.

Those who've borne the brunt, the past year,
Done their duty brave and well,
Now deserve some commendation,
And dear friends I hope you'll tell.

Tell them that you love them truly
That you feel good work they've done;
Scatter flowers while life is brightest
And ne'er wait—'till setting sun.

To the leader of the past two years
Just a few words we'll say
God keep and bless you for your work
And deal tenderly with you alway.

And now at this glad Season
And with the New Year gay
We'll welcome the new corps of officers
And to them these words we'll say.

Be true to your work and ne'er falter
Do all that thy hand finds to do
Follow faithfully in footsteps before you
The pace that's been set for you.

And then at the end of the journey
Each member of this and so true
I hope will receive this summons
"Come up higher I've work for you."

KILL MORE THAN WILD BEASTS

The number of people killed yearly by wild beasts don't approach the vast number killed by disease germs. No life is safe from their attacks. They're in air, water, dust, even food. But grand protection is afforded by Electric Bitters, which destroy and expel these deadly disease germs from the system. That's why chills, fever aud ague, all malarial and many blood diseases yield promptly to this wonderful blood purifier. Try them, and the glorious health and new stength they'll give you. Money back if not satisfied. Only 50c at J. R. Mathews.

FACTS

The Stock of the Lake County Canning Company is a Safe, Sound and Profitable Investment

Because

FIRST

The investment is based on real estate and not on an idea. The company will have as an asset 244 acres of the most productive land in Lake County which in itself is worth the entire capital of the Company.

SECOND

A sure and profitable market is established as there has never been a year when the demand did not far exceed the supply. For years this land has produced a large yield and a high quality of beans. It is proven ground.

THIRD

By establishing a general canning business the Company will have an increased source of profit. This will also provide a local market for pears, peas, tomatoes and other vegetables suitable for canning purposes.

FOURTH

The management of the Company will rest with local men of repute selected by the stockholders. Your money will not be sent to some other community and placed in the hands of strangers.

FIFTH

The enterprise can depend entirely, if necessary, on the output of stringbeans to show a profit the first season.

By combining the interests of the many investors sufficient capitol will be provided to establish a general canning business that cannot fail to benefit both Lake and Mendocino Counties.

UKIAH, CALIFORNIA, FRIDAY, JAN. 19 1912.

"Jabber Jabber" Still Measures His Senseless Babble

A few weeks ago a small incident happened in Ukiah and was mentioned in all three papers. In referring to a certain incident The Dispatch stated it in plain English as follows:

"The woman snuffed the candle"

In referring to the same incident the Press' voluminous, verbose, tautological and circumlocutionary quill driver said:

"The woman curtained the superfluity of the enocturnal luminry"

When the papers came out, "Jabber, Jabber," seeing that he had "used more space" to tell a small news item rushed out and got surveyor Donohue and his corps of assistants to come up and chain off the "news". When the agony of suspense was over "Jabber, Jabber" threw his lid in the air and yelled "Gee, I've twice as much "news" as all the other papers combined".

In view of the fact that the erudite "editor and owner" of the Press wouldn't know the difference between a conjunctive adverb and a nominative pronoun should he meet them alone in the sanctity of his office, hereafter in promulgating his esoteric cogitations and superficial sentimentalities he should beware of platitudinous ponderosity.

After reading the Press no one knows what has happened or just how "Jabber, Jabber" stands on any question. He thinks words are used to conceal thoughts. If this be true, "Jabber, Jabber" should be as dumb as an oyster for no one has ever accused him of having had an original thought on anything.

If any of our readers, after having wandered through the above are still in doubt as to what we mean we will now state it in ordinary, common Rooseveltian "ugly" word style—, "Jabber Jabber" is a damphool and don't know it and can't get over it."

"NOW GET THE MEASURING STICK, WILL YOU"!

"Jabber Jabber" wanders in a class all by himself like a wild jackass on a lonely mountain without the pride of ancestry or the hope of posterity.

The democrats won a sweeping victory in Arizona at the first election of that new state. George W. P. Hunt, democrat, was elected governor and the elections to the senate of Henry F. Ashurst and Mark A. Smith are assured. Carl Hayden of Phoenix was elected to congress.

The recall provision of the constitution was, of course, defeated or eliminated in obedience to Mr. Taft's orders. Mr. J. B. Birdno, chairman of the democratic state committee, has issued this statement.

"The people of Arizona simply refused to indorse Taft's dictation as to what kind of a constitution Arizona should have, and while they voted to eliminate the recall from the constitution, as they were obliged to do in order to gain statehood, they showed at the same time that the recall would be placed back n the constitution as soon as it possibly could be done."

George W. P. Hunt, the first governor-elect of Arizona, issued a statement in which he declared the victory of the democratic ticket in the election was a triumph for both progressive democrats and progressive republicans. To carry out these progressive principles, says the statement, "both in letter and spirit, shall be the essential part of my duty as chief executive and in that duty I shall not be derelict."

RECOMMENDS INDIAN RUNNER DUCKS

H. H. McKinney, who is located on the Hazeldale Farm about a mile north of town, has just issued a leaflet about Indian Runner Ducks. He is enthusiastic in his recommendations of these ducks, having been very successful in the raising and maketing of them. He states that their strong points consist in that they are very prolific layers and do not confine their laying period to the spring months as chickens do; that the surplus stock can be marketed much more easily and to a better advantge than chickens as they mature earlier and are heavier, being ready for market when ten weeks old; that their feed is cheaper than that of chickens.

This section, he says, is well adopted to the raising of Indian Runners and he has had fine luck and has found them good paying fowls. Their egg are slightly larger than hen eggs and are marketed readily as they present a handsome appearance. The many other points in their favor are very numerous.

Others in this section have begun the culture of these ducks and they bid fair to become a big factor in the local poultry business. Mr. McKinney's leaflet is free and contains valuable information to anyone who is interested in this industry.

Pinched for Illegal Fishing

A man named Maki was pinched at Ten Mile the latter part of last week by Game Wardens Lea and Miller for having nets set in the river. There were 8 nets stretched across the river in various places. Maki was fined $100.

Illegal fishing on the coast is getting to be a common occurence and it would be a good idea for the state fish and game commission to put the $2500 it got out of the county this year in hunting licenses, back here and hire two good men to patrol the coast streams. Lea and Miller do well but they have too much territory to cover and it is utterly impossible for them to handle the whole county and do it justice.
